My dear Sir

I have written to
D.r Mantell to ask him
when I shall send for the
Hordwell Fossils, I expect
I shall soon have them.

I cannot think of
taking the description of
them out of D.r Mantell's
hands indeed I am just sitting

the 1st the 8th Thus
the start -

I remain
my Dear Sir
your obedient Servant

by his notes in my own
work. and even if I did
it would probably be so
long before I could attend
properly to them that it
would not suit your
purpose — As for using
the plates in Mus: Conch:
I shall have no objection
to your the same shall
some time hence in that
work, but the plan of the
work would not admit
of the same plates, which
will contain so many
different genera, being
used, I nevertheless feel
with gratitude the kindness
of your offer and am sorry
I cannot avail myself
of it —

It is a pity your
Journal was not out on
